### **1099 INFORMATION**

- Failure to file 1099 Information Statements with the IRS and recipient by January 31 can cause penalties to be assigned. These penalties have been increased substantially. Amounts of \$600 or more paid to individuals (not corporations) for rent, interest or services rendered in the course of your business require 1099 Information Statements.
  - You are required to withhold tax on the payment if recipient does not furnish you with their identification number. (Use form W-9 to obtain their SSN before you pay them.) You are liable for the Federal 24% tax if you were required to withhold it and did not withhold it.

# FARM MANAGEMENT: YEAR END TAX PLANNING

# Goal: Maintain Income at Targeted Level from Year to Year

- Wide fluctuations can prevent you from taking advantage of personal deductions in years of low income. a, ġ.
- Level amounts of income will maximize Social Security benefits at retirement and for Social Security Disability benefit ö
  - Income averaging is available for farmers. New clients -- bring in 3 previous tax returns.

### Prepare for Year End 3

- Bring current year's books up to date. ę,
- list income items already received.
  - record expenses paid
- check last year's farm expense worksheet so you don't forget any items.
  - Depreciation þ.
- look at last year's depreciation to see if items are current
- list purchases on Page 2 to see what is available for first-year expensing
  - over \$2,500 and expected to last more than one year.

## See Your Tax Advisor Before Year End to Analyze Your Tax Situation ë

- Discuss tax consequences of casualty losses, debt forgiveness, and refinancing.
- Decide if you need to increase or decrease net income. o D G
- Investigate Earned Income Credit, Retirement Savings Credit, Health Savings Account, IRAs, and other retirement plans. If over 701/2, you may donate up to your required minimum distribution amount directly to charity.

### Increase Net Income 4

- Sell crops, cull animals, report CCC loans as income, redeem savings bonds, convert IRAs. p.a
  - Delay paying expenses until January 2nd; make arrangements with creditors. ö
    - Capitalize breeding fees, repairs, chemicals and cost sharing programs.

### Decrease Net Income ທ່

- Delay sales of crops and animals when you can.
- Sell on a deferred payment contract; must be signed and dated: ъ.
- you cannot have access to the money this year this is an unsecured contract with the elevator. delivering product or crop to the elevator locks in market price.
- 6 Take out a CCC loan on stored crops. This allows you to have spendable (but not taxable) cash to use to prepay expenses, if you elect, or have previously elected, to exclude the loan as income for the current year. ö
  - Pay up all existing bills at year end. σ ΰ
- Consider a separate entity (corporation) for farm operation. Use lease agreements.

Farm Resource: finbin.umn.edu - A composite of financial data from participating farms

- Prepay next year's operating expenses such as feed, fertilizer, chemicals, and seed. There are limitations on prepaid expenses you should discuss with your tax advisor. However, if you have a good economic purpose, the prepayment rules do not apply. Good economic purpose includes assuring a feed supply and fixing the price to avoid a price increase. ö
  - Major equipment purchases: you can choose to expense up to a certain amount of current year purchases. Ë
    - You may be eligible for the health insurance credit on form 8941 based on employee health care coverage if it is a plan through the health care exchange.
      - Fill up the gas tanks and pay the bill.
      - dependent child can earn up to \$12,550 in wages and pay no tax on them. File W-2s, 943s, Pay children under 18 a cash wage. It has to be reasonable for the work performed. A ·--- ·---
- Cash method farmers may elect to include crop insurance & disaster payments in the tax year following the crop loss if sale of the crops would normally have been made in the later year. pay regularly. etc. Keep payroll records of hours worked and duties and ¥

### Wages Paid to Spouses . ف

- Be sure the taxpayer and spouse have a bona fide employer-employee relationship and farm services are actually rendered. Compensation should be reflective of services performed and paid regularly a.
  - Wages are subject to FICA tax and W-2s, 943s, etc. must be filed. όό
- A carefully constructed employer-employee relationship will enable deductible Sec. 105 and 106 health plans to be formed. They must be maintained throughout the year
  - Ask about Sick and Family Leave Credits and Employee Retention Credits. ъ

### Wages Paid In Kind (Commodity Wages) 2

long as the payment is not paid in a form that is readily converted to cash. Be careful in this area. Livestock is not the best commodily to transfer. Grain is better because you can use bushels etc. File W-2, 943, and state quarterlies. Consult your tax advisor. In general, commodity wages paid to agricultural labor are not subject to FICA and FUTA as

### Gifts Paid In Kind (Commodity Gifts) œ

commodity to a charity is an excellent tax planning tool if you do not itemize your deductions. Gifting commodities to your children or to a charity will eliminate the commodity from your income and self-employment tax. The commodity needs to be a crop or animal raised in the prior year. If the gift is over \$15,000, a gift tax return will need to be filed. Gifting of a Consult your tax advisor
